PhD programme (4th year)

4th year PhD students
Revive supports the 4th year of PhD students with a project within the frame of Revive.

Conditions to apply

1. Student eligibility
The 4th-year PhD students call is open to any PhD student member of a Revive research team and Revive associated members. The candidate must demonstrate at least one application to other funding resources (i.e. Ligue, ARC, FRM, etc.) for a 4th-year of PhD funding.

2. Research project:
The PhD project must be clearly identified within the frame of Revive and resulting publication(s) must acknowledge the Investissements d’Avenir programme (ANR-10-LABX-73).

3. Funding:
The Revive PhD programme covers the personnel cost for a 4th year of a PhD (until December of the funding year) based on the salary grid of the employer institution.

   • The 4th year PhD funding is allocated to the designated beneficiary and cannot be transferred to another PhD student.
   • In case of a premature thesis defence or any other administrative situation change (e.g. laboratory affiliation, research position, recruitment, etc.) the remaining allocated funds must be returned to Revive.

How to apply
Applications must include:

1. The application(s) submitted to the 4th year PhD funding resource(s) (i.e. Ligue, ARC, FRM, etc.). If not already indicated in the application:
   • The funding period
   • The personnel cost budget (€) requested for the 4th year funding period
2. List of the funding resources to which an application was submitted.

Send applications to vrosas@pasteur.fr for evaluation by the Revive Coordinators as soon as you obtain the negative reply(ies).

Decisions and effectiveness

1. Decisions will be announced immediately after sending the copy(ies) of the negative reply(ies) from (all) the funding resource(s) to which an application was submitted.

Please send your applications to vrosas@pasteur.fr when your negative replies will arrive during 2019.
